PROJECTS

IPI organises learning training experiences to improve, update & refinement a professional profile to a higher level.

Travelling for learning

Nowadays, opening up and knowing the world matters. IPI organizes learning training projects for young people whose goals are to create knowledge, experiences, abilities for future choices and new horizons. Our brief experiences throughout the experience are engaging and immersive learning opportunities, led by competent individuals, to learn through analysis, stories, challenges, changes and insights, a way of seeing and comparing situations with a new lens.

Professional internship

A professional internship is a significant step in one's career. It needs an organization that is committed to guide and build a real professional beneficial experience, able to provide a development route of skills and certainties, help the individual and his / her profile to stand out in the workplace. IPI plans, organizes, and coordinates training internship projects which engage individuals to grow in their professional development and become up-and-coming professionals with tools, skills and self-confidence to challenge an interconnected and competitive world. Full-time internships are organized in a field of the candidate's choice with a preparatory foreign language course if required.
